TMI Cares

healthcaremarkets

TMI casework will make a strong visual statement about your facility's commitment to excellent care. Patients and their families will sense warmth, quality, and a concern for detail. Medical staff will be inspired by a professional environment designed to help them be as effective and efficient as possible. As a single source provider, TMI integrates our casework, countertop and architectural woodwork options, providing a cohesive, functional healthcare environment.

Since 1969, TMI Systems Corporation has been providing AIA Premium and Custom Grade laminate products to institutional markets across the United States. The TMI factories have nearly 150,000 square feet of manufacturing space, and employ some of the furniture industry's leading equipment technology.

Our sophisticated engineering software enables TMI to price, engineer and manufacture a nearly infinite combination of casework products, offering many variables in terms of color, dimensions, hardware selections, materials and construction details.
