

the
education casework
solution

TMI Cares

education markets

TMI casework will make a strong visual statement about your facility's commitment to education. Students and their families will sense warmth, quality, and a concern for detail. Instructors will be inspired by a professional environment designed to help them be as effective and efficient as possible. As a single source provider, TMI integrates our casework, countertop and architectural woodwork options to provide a cohesive, functional education environment.

Since 1969, TMI Systems Corporation has been providing AIA Premium and Custom Grade laminate products to institutional markets across the United States. The TMI factories have nearly 150,000 square feet of manufacturing space, and employ some of the furniture industry's leading equipment technology.

Our sophisticated engineering software enables TMI to price, engineer and manufacture a nearly infinite combination of casework products, offering many variables in terms of color, dimensions, hardware selections, materials and construction details.

quality

TMI sources raw materials from the best vendors in the industry, based upon a strict set of requirements including competitive pricing, quality materials, and excellent customer service. As a result we offer our customers high quality finished products which meet their individual design needs and budget requirements.

experience

As a comprehensive resource for education environments, we also design and manufacture storage solutions for STEM, Multimedia & Digital Art, Vocational, and PLTW classrooms. In addition, TMI products enhance activities in administrative offices and other support areas.

Science Classroom
Phoenix, Arizona

flexibility

Our casework products feature fixed modular, flexible rail-mounted, and mobile options so educational spaces can be reconfigured according to evolving needs and application requirements.
