

the music casework solution

TMI Cares

musicmarket

TMI music casework will make a strong visual statement about your facility's commitment to excellence. Students and teachers will sense warmth, quality, and a concern for detail. Instructors will be inspired by a professional environment designed to help them be as effective and efficient as possible. As a single-source provider, TMI integrates our casework, countertop, and architectural woodwork options to provide a cohesive, functional musical education environment.

Since 1969, TMI Systems Corporation has been providing AWI Premium and Custom Grade laminate products to institutional markets across the United States. The TMI factories have nearly 150,000 square feet of manufacturing space and employ some of the furniture industry's leading equipment technology.

Our sophisticated engineering software enables TMI to price, engineer, and manufacture a nearly infinite combination of casework products, offering many variables in terms of color, dimensions, hardware selections, materials, and construction details.
