INFINITELY YOURS

Signage Collections

Create a vibe.

Reflect an attitude.

Make an impression.

**Fusion** is more than a signage system. Because it does more than help people get where they're going. It says something about who you are.

# Fusion

Limitless Expression

Every aspect of your space represents a serious decision.

It only takes one out-of-place element to compromise your design. With Fusion, every detail of your environment will work in perfect harmony — and everyone who walks through your door will sense it.

Enhance your architecture.

From energetic angles to free-flowing curves, Fusion's collections can be customized to complement the predominant lines of your architecture. Each collection has a full range of sign types to suit every purpose and location, plus its own subset of design families to choose from.

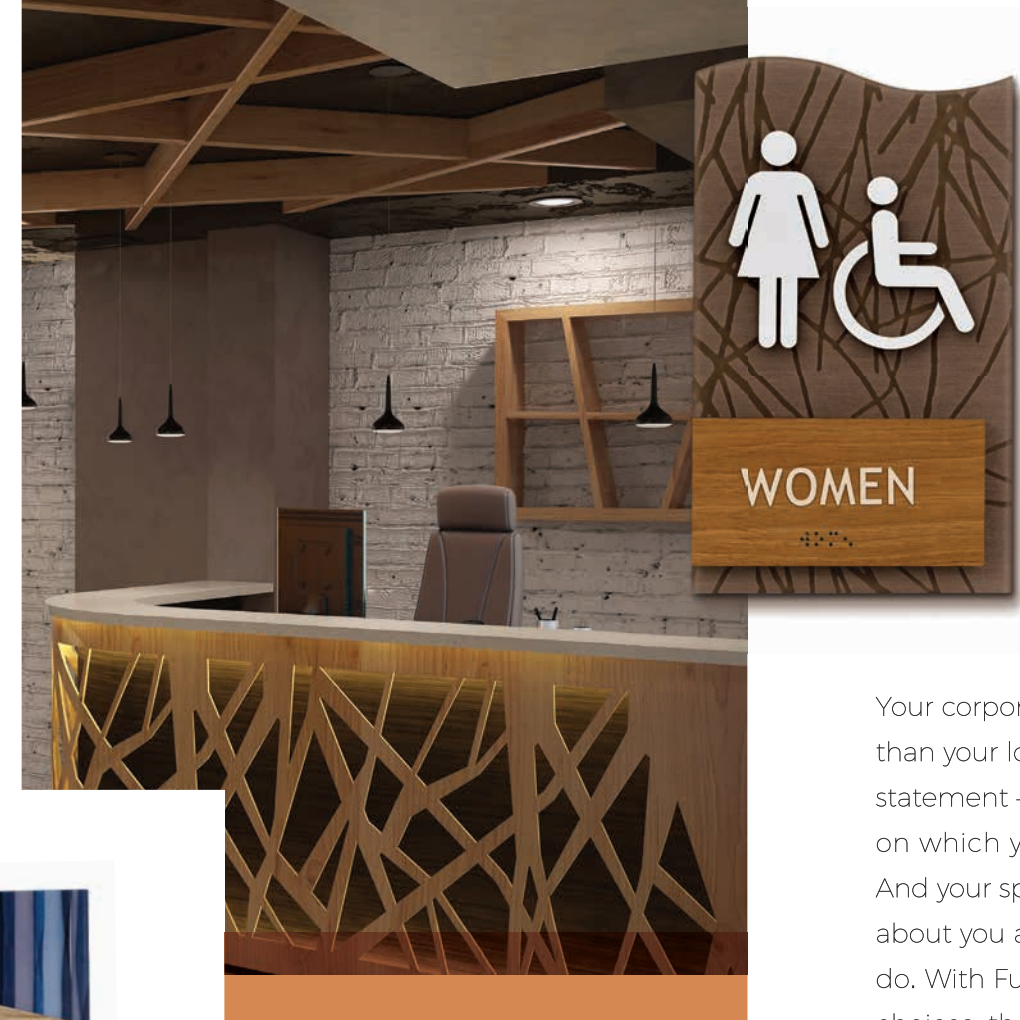

Echo your space's attitude.

Fusion offers a rich palette to reflect your surroundings beautifully. That includes a newly introduced laminate palette — hand-selected by our design team. A fresh range of premium wood veneers and metallic hardware finishes. And printed backers that echo the colors, patterns, and imagery of your space.

- Printed backers echo the attitude of your space
- Newly introduced laminate palette
- The latest colored or encapsulated acrylics
- Sophisticated 24-color palette for raised copy
- Premium wood veneers and hardware finishes

Extend your brand.

Your corporate identity is more than your logo and mission statement — it's the currency on which you do business. And your space can say as much about you as the business you do. With Fusion's distinctive choices, the brand that lives within your walls can be fully at home.
